For Volunteers

- To contribute in a meaningful way to a child's educational growth
- To gain knowledge of how schools must function (curriculum, programs, policies, and expectations)

For Students

- To gain individual attention from a caring adult
- To discover there are others that care about their success in learning

For Schools

- To increase the interaction and relationship between the school and the community
- To develop a sense of pride and build on a positive school culture

We encourage parents, community members, and business partners to join our mission to make a difference in students' lives and share your time within our schools. You will find volunteering in the school district to be one of the most rewarding experiences of your life.
